## Christ the King, Next Weekend.

Pope Pius XI created this feast in 1925. The Blackshirts under Mussolini were already in power in Italy. Adolf Hitler had just become leader of the Nazi party in Germany. The world lay in the Great Depression. What Pius XI was doing in creating this feast was to say to the world that despite dictatorships and economic collapse and false values, Jesus Christ was still King of the Universe. With the rise of ISIS and terrorism on an unprecedented scale, we once again call on the Lord in his Sovereignty to bring peace to his kingdom. We ask Him to admit to the company of the saints those who lost their lives in Paris this weekend.
