## Can I have this dance?

James & Bríd Breslin affirmed the vows they took some 50 years ago in the presence of their family in St. Mary's last weekend in a lovely happy ceremony, in which their son in Australia was able to participate as we now have broadband in the building. Congrats!!

## Masks

As mask wearing is becoming mandatory, I have noticed that it can be awkward for people who arrive at the altar to receive communion. It is not a good practice to grab the mask to move it so the host can be consumed. A better practice may be to unhook the mask and leave it on one ear until you receive and replace it again on the free ear once you have communicated.

## Holy Water

People have been asking about getting holy Water for their graves and such. The concern is that it is another touch point if we use the same barrel and people are turning the same spigot. If you would like holy water blessed, please bring a bottle of ordinary water either to Mass and leave it at the foot of the altar for blessing, or leave it at the door of the parochial house and I will bless it there, leaving a sticker on it once it is blessed.
