## Water

The Diocese of Raphoe Justice, Peace & Integrity of Creation committee want to remind everyone that World Water Day was held during the week on Wednesday 22<sup>nd</sup> March. World Water Day focuses our attention on the Earth's most vital resource. Over 2 billion people are living without access to safe water on our planet Earth. We can all easily take for granted the clean water which comes from our taps until something goes wrong. Here are some simple things you can do to conserve water in your home – take shorter showers, don't let tap run when brushing your teeth, install water butts around your house, fix leaking taps and pipes. Each of

our small actions can make a big difference! Visit [www.unwater.org/bethechange/](http://www.unwater.org/bethechange/)

The Parish Bulletin is our weekly document highlighting information in our parish and in our general community. It gives information about deaths, recent or otherwise, Mass times for the

coming week, Scheduled parish activities, and courses running in nearby places. It gives information on Local Teams and other things such as retreats you may find interesting. Each one costs 11 cent to produce.

We seem to have lost the practice a little bit about having a newsletter at home, or making sure that the housebound get one. I get a lot of people enquiring about Mass times. It could be a practice we've stopped because of Covid and are finding hard to restart. Can I encourage you to have one handy at home for the information needed.

The Sick and Housebound will be visited with Holy Communion this Thursday
