Earth Day 22nd April 2024 ...

Pope Francis recalls the words of Saint Francis: "Praise to you, my Lord through our Sister, Mother Earth, who sustains and governs us, and who produces various fruits with coloured flowers and herbs". Pope Francis urges constantly to take care of "Our Common Home", our fragile planet. On Monday 22nd of April we celebrate Earth Day. This year's theme is "Planet versus Plastic". EARTHDAY.ORG aims for a 60% reduction of plastics by 2040. Let us be especially mindful in Donegal with our beautiful beaches to collect all plastics of the beaches and be very mindful how we dispose of plastics. It is our responsibility that future generations may inherit an earth free of pollution of plastics. Any little step we take now, may help to create this future.
